RESEARCH EXPERIENCE

2025–2026 **Undergraduate Thesis**
Habitat Suitability Modeling of *Parthenium hysterophorus* L. under Current and Future Climatic Scenarios in Nepal
Tribhuvan University, Institute of Forestry, Hetauda, Nepal

EDUCATION

2023–2026 **Bachelor of Science (B.Sc.) in Forestry**
Tribhuvan University, Institute of Forestry (TU-IOF), Hetauda, Nepal
Percentage: 80.31%

2021–2023 **Intermediate (+2) Level in Science**
Aroma College of Applied Science and Management, Bharatpur, Chitwan, Nepal
GPA: 3.59

2021 **Secondary Education (SEE)**
Shree Nepal Rastriya Ganesh Ma. Vi., Bardiya, Nepal
GPA: 3.50

SKILLS

GIS	GIS & Remote Sensing	ArcGIS QGIS Google Earth Engine Google Earth Pro
Data	Programming & Analysis	R Programming Data Analysis
Field	Field & GPS	GPS Technology Tree tagging Environmental documentation
Office	Microsoft Office	Word Excel PowerPoint

RESEARCH INTERESTS

- Habitat suitability and ecological modeling
- GIS and Remote Sensing
- Biodiversity and wildlife conservation
- Rangeland and forest ecosystems
- Climate change impacts on ecosystems

TRAINING

Training

Gender in Academia Training

RECOFTC-Nepal • Institute of Forestry, Hetauda • Female Foresters Nepal

- Training focused on gender, inclusion, and participation in academic and professional forestry.

FIELD EXPERIENCE

Fieldwork

Forestry Fieldwork & Operational Plan Preparation

- Field data collection, tree tagging, environmental documentation, and forest assessment activities.
- Experience with preparation of forest operational plans and field-based team coordination.

ACADEMIC STRENGTHS

- Technical report preparation and academic presentation
- Environmental and forestry data interpretation
- Team coordination and field-based collaboration

SCHOLARSHIP

Merit Scholarship — B.Sc. Forestry

Institute of Forestry, Tribhuvan University, Hetauda, Nepal

- Awarded on merit following the competitive entrance examination.
